IGUNMA GOODNESS, FRONTEND ENGINEER

Email: goodnessigunma1@gmail.com | +2348108251426 | **LinkedIn Profile** | Portfolio: **My-Portfolio**

Front-End Engineer with over 4 years proven experience in helping companies create and maintain a better code base for reusability, scalability, and maintainability. Passionate about learning and development with a desire to apply skills on a larger development team. Eager to tackle more complex problems and continue to find ways to maximise user efficiency and build blazing fast user interfaces.

Skills

Javascript | Typescript | React Js | Next Js | Redux Toolkit | Redux Toolkit Query | React Query | Node Js | Express | Github | CSS Flexbox & Grid | Bootstrap | Tailwind | MaterialUI | ChakraUI | SASS/SCSS | MongoDB | Testing | Jest | Cypress | Postman | Jira.

Experience

STERLING BANK – (SEABAAS CORE BANKING)
Senior Front End Software Engineer, Lagos. (Jan 2024 - Present)

- Collaborated with the frontend team of the URM(User And Access Module) which was in charge of handling the user and access management for our Core banking application.
- Implemented a **Maker/Checker** based system dashboard which enforces all user activity to be strictly permission based.
- Review proposed UI and UX designs for technical feasibility by standing as a middle-man while collaborating with back-end and product design teams
- Implemented the **Transaction-Limit** feature which allows permissioned users to set up the maximum amount a bank teller officer can post without seeking for approval.
- Implemented a **Micro Frontend architecture** in order to break down our large monolithic codebase into smaller apps, each addressing a specific business vertical.

PETRA SOLUTIONS
Front End Software Engineer. (June 2023 - Dec 2023)

- Developed an employee admin page to monitor over 30,000 employees, tracking their health status within the company and identifying potential departures.
- Utilized React and Firebase technologies to develop and maintain frontend and database functionalities for the web application.
- Implemented complex features such as:
