IGUNMA GOODNESS, FRONTEND ENGINEER

Email: goodnessigunma1@gmail.com | +2348108251426 | **LinkedIn Profile** | Portfolio: **My-Portfolio**

Creative software engineer who strongly focuses on developing visually appealing and efficient web applications that drive user growth and engagement. Highly skilled in translating designs into functional code, and collaborating on solutions with the product and server-side teams to offer the best user experience and build higher customer lifetime value.

Skills

Javascript | Typescript | React Js | Next Js | Redux Toolkit & Redux Toolkit Query | React Query | Node Js | Express | Github | CSS Flexbox & Grid | Bootstrap | Tailwind | MaterialUI | ChakraUI | SASS/SCSS | MongoDB | Unit Testing

Experience

STERLING BANK
Front End Software Engineer, Lagos. (Jan 2024 – Present)

- Collaborated with a team of developers to build a banking product serving thousands of users.
- Contributed to a microfrontend architecture using React, Material-UI, and Redux Toolkit Query, optimizing code for performance and maintainability.
- Wrote highly readable and performant code, adhering to best practices and coding standards.

PETRA SOLUTIONS
Front End Software Engineer. (June 2023 – Dec 2023)

- Utilized React and Firebase technologies to develop and maintain frontend functionalities.
- Developed an employee admin page to monitor over 30,000 employees, tracking their health status within the company and identifying potential departures.
- Implemented complex features such as:
  - A map feature to track the number of employees in each state in the USA.
  - A graph feature to visualize and track the health status of staff.
  - Implemented a hierarchical access control system where only the superadmin has visibility of all employees, while other admins are restricted to viewing only the employees within their companies.

INTERSWITCH GROUP
Junior Front End Engineer, Lagos. (May 2022 – April 2023)

- Applied pragmatism and best practices in software engineering, delivering
